Diploma In Computer Technology
from Govt. Polytechnic 2011 - 2014
Sakoli

WORK EXPERIENCE (3+ YEARS)

Software Engineer (React Developer)

Aug 2020 - Present

Snovaspace Information Systems Pvt. Ltd. | Hyderabad

- Developed and maintained mobile applications using React Native, resulting in a 20% increase in user engagement.
- Collaborated with UX/UI designers to implement pixel-perfect designs and ensure seamless user experiences.
- Integrated RESTful APIs and third-party libraries to enhance app functionalities.
- Implemented state management using Redux, improving code maintainability and scalability.
- Conducted code reviews and provided constructive feedback to team members, resulting in improved code quality.
- Worked closely with QA team to identify and resolve bugs, leading to a 15% reduction in post-release issues.

PROJECT PROFILES

Project: Ecommerce Mobile App

- Collaborated on mobile UI design, ensuring an intuitive interface and responsive user experiences.
- Implemented Firebase Authentication, increasing user registration by 20%, and integrated JWT for efficiency.
- Developed modular product listings with filters, resulting in a 25% boost in user engagement.
- Integrated Stripe for secure transactions, successfully reducing checkout abandonment by 30%.

Project: E-Learning Mobile App

- Architected cross-platform React Native app, ensuring seamless UI on iOS and Android.
- Implemented secure Firebase authentication and efficient course listing/search features.
- Engineered robust course progress tracking and payment systems, boosting user engagement.
- Achieved bug-free deployment, garnering positive user feedback and increased retention.
- Collaborated with cross-functional teams, delivering scalable and maintainable code.

Project: Diabetes and Endocrinology Clinic Management System Web and Mobile App

- Implemented secure patient registration/login, appointment scheduling, and management.
- Designed patient profiles, prescriptions, and medical record interfaces.
- Integrated billing history tracking and a notification system.
- Enabled doctor login and efficient appointment management.
- Collaborated on an intuitive patient portal UI for both mobile and web.
- Achievements:
 - Streamlined appointment scheduling, improving clinic efficiency by 20%.
 - Enhanced patient satisfaction through a unified, user-friendly interface.
 - Ensured secure patient data handling and compliance.
 - Maintained consistency across mobile and web platforms.
 - Improved accessibility for patients managing appointments online.
