ABOUT ME

I'm a Front End Developer specializing in React.js, HTML5, CSS3, and JavaScript (ES6+).

My focus is on creating clean, responsive, and effective user interfaces. I believe in simplicity and efficiency, and I'm comfortable collaborating within cross-functional teams to bring projects to life. I'm also familiar with Redux, Git, Pug, MongoDB, and Node.js.

In addition to coding, I've explored SEO and digital marketing strategies to enhance online visibility and engagement. I'm eager to continue growing as a developer and contributing to meaningful projects.
